C. Siddha Pharmacopoeia of India containing compound formulations:

1. *Siddha Pharmacopoeia of India (Vol. I) containing 70 single drugs* completed for the approval of Siddha Pharmacopoeia Committee.
2. National Formulary of Siddha Medicine containing 248 compound formulations published in the year 1992.

Malaria deaths in Assam

1266. SHRI KARNENDU BHATTACHARJEE: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether Government are aware that in Assam, Malaria epidemic is an annual phenomenon where large number of people die every year;

(b) whether Government are also aware that Assam Government is not fully equipped with medicines and also means of transport;

(c) whether Government have any plan to tackle the situation and help Assam to contain the spread of epidemic every year; and

(d) if so, the details thereof and if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRIMATI PANABAKA LAKSHMI): (a) The state of Assam is endemic for malaria. The reported cases and number of deaths in the state of Assam during last five years are given below:

Year	Malaria Cases	Deaths
2001	95142	122
2002	89601	72
2003	76570	53
2004	58134	54
2005	67885	113
2006*	85633	275

*Upto 25-07-06

(b) to (b) The Government of India provides 100% financial assistance to meet the operational cost of implementation of the programme and commodity support to state of Assam since year 1994. The Govt. of Assam is supplied anti-malarial drugs and DDT for indoor residual spray as per technical requirement of the state. Implementation of programme including monitoring and supervision is the responsibility of the state. Cash assistance and commodity support provided to the state during the last three years is enclosed at Statement I and II.

The state of Assam is also being provided additional support under Global fund for AIDS, Tuberculosis and Malaria supported Intensified Malaria Control Project since July, 2005 to augment anti-malaria activities such as awareness generation, training of Community volunteers, treatment of bed nets with insecticide, distribution of bed nets to BPL population and Sulpha Pyrimethamine — Artesunate Combination Therapy to *Plasmodium falciparum* malaria cases in drug resistance areas, treatment of severe and complicated malaria cases with arteether injection, enhancing diagnostic capability in the remote and inaccessible areas by supply of rapid diagnostic kits.

The Government is implementing activities related to prevention and control of malaria in the country including the state of Assam under the umbrella of the National Vector Borne Disease Control Programme. The three pronged strategies for the control of malaria is as given below:

1. Disease Management:

   Early case detection and complete treatment

Strengthening of referral services

Epidemic preparedness and rapid response

2. Integrated Vector Management (for Transmission Risk Reduction):

Indoor Residual Spraying in selected high risk areas

Use of Insecticide treated bed nets

Use of Larvivorous fish

Anti larval measures in urban areas including biolarvicides

Minor environmental engineering

3. Supporting Interventions:

Behaviour Change Communication

Public Private Partnership & Inter-sectoral convergence

Human Resource Development through capacity building

Operational Research including studies on drug resistance and insecticide susceptibility.

Monitoring and evaluation through periodic reviews/field visists and web based Management Information System.

Statement-I

100% Cash assistance released and utilised by Assam State

(Rs. in lakhs)

Year	Relea-sed	Utilized	UC Recd.	Balance available	Remarks
2003-04	0.00	645.70	U.C. Rec. for 645.70	929.65	Out of previous balance of Rs. 1575.35 lakhs
2004-05	550.00	649.01	649.01*	830.64	*Out of previous balance Rs. 929.65 available with State Govt.
